## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 20-27 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 20-24, there is no teaching or suggestion in the art of record disclosing a portion of a wrap-around-gated field-effect transistor formed on a handle wafer in accordance with the limitations of claim 20. Therefore, independent claim 20 is deemed allowable along with its dependent claims 21-24.

Regarding claims 25-27, there is no teaching or suggestion in the art of record disclosing a wrap-around-gated field-effect transistor formed on a handle wafer in accordance with the limitations of claim 25. Therefore, independent claim 25 is deemed allowable along with its dependent claims 26-27.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
